

Invitation for Articles by Alumni in North America

Wanted 2-page articles by August 31, 2004

BITS NCR (National Capital Region, India) chapter has its Annual Day on December 07, 2014 in New Delhi. All alumni are invited. On this occasion a souvenir publication will be released. Again I have been asked to Chair the Souvenir Publication Committee. Half of the publication is designated North America Special, covering articles from alumni who went to USA or Canada, with only a few dollars in their pocket, having no godfather, faced all the hardships, and still achieved great successes.

Write in 2 pages about your success or anything else of your choice - technical or otherwise, and email me by August 31, 2014. Include a short introduction and a passport size photo. Additionally, If you wish to advertise about yourself or your company then please contact me.
